

Instructions for the Submission of Evidence through the Virtual Evidence Courtroom

Once the system confirms that a hearing in the case and court has been scheduled, a list of all scheduled hearings will be displayed. Be sure to select the correct Virtual Evidence Courtroom - (VEC #) – which will also display the Hearing type and date. Then click next.

Please make sure you are in the right courtroom. The courtroom number indicates the type of hearing or trial. If the hearing or trial continues to another day then it is still the same Virtual Evidence Courtroom number.

If a different type of hearing is held in the same case then that hearing or trial could be in a different courtroom number. For example, an evidentiary hearing on a pendente lite application would be in one Virtual Evidence Courtroom, while the actual trial a few months later would be in a different Virtual Evidence Courtroom.

Return of Documents by Court

If a document is returned by the court for any reason, you will receive an email notification.

Important note - unlike documents returned in a NYSCEF case, a “Re-file document” link will not be provided in the Virtual Evidence Courtroom. If a document is returned, you will be required to upload the document as a new submission. Make the corrections needed and then follow the same steps above to resubmit the document.

Viewing of Documents after submission

Please note that documents submitted through the Virtual Evidence Courtroom do not become part of the official County Clerk’s Office record. They will not appear on the NYSCEF list of documents for the case. These documents will remain in a separate and secure Virtual Evidence Courtroom, each such courtroom will be assigned a number (#). You will be able to view documents before and during the hearing.

To view evidence/documents before or during a hearing you will need to go to the NYSCEF document list for the case. You can go to the NYSCEF document list by clicking on “My cases/appeals” and clicking on

the index number or do a case search and manually type in the index number. Once you are on the NYSCEF document list you will see multiple tabs at the top of the page. Click on the Evidence tab.
